POLITICAL RACE PICKS UP NEW CANDIDATES

Political activity in town picked up a bit at the closing time for nomination papers to be filled and turned in.

In the race for Board of Selectmen 3-year term are incumbents E. Hayward Bliss and Charles Black, as challenged by Harold E. Smith, Paul Godzyk, Don Kidder, and Alden Eames.

In the race for School Committee, 3-year term are present incumbents John Hartnett and Ernest Crispo challenged by Frederick Melzar.

The race for Wilmington's Housing Authority, 5-year term will be between Kenneth Neagle, and Joe Meehan.

The office for Town Moderator, 1-year term will be unopposed to Present incumbent Si Cutter.

Over 50 Navy ships have been named for enlisted men.

EDITOR'S NOTE

New Features Started This Week

The Crusader has added some new features to its weekly printing, some of which are the Society Page, and a Home Garden column. In our effort to give our readers more interesting features, various other programs are being planned.

The social event page will be under the direction of our feature writers, Betty Downs and Esther Moore. For callings on any social events, call Mrs. Downs at OL 8-2907, and Mrs. Moore at OL 8-3820.

The Home Gardens column will be under the direction of Miss Mari Gold and all questions pertaining to Potted Plants, Home Gardens and planning will be answered each week.

SILVER SKATES DERBY RESULTS

The 27th annual Silver Skates Derby was held at the Boston Gardens, Sunday, Jan. 27. PRESS FIGHTS FOR OPEN MEETINGS

A bill will be up before the Committee on State Administration, Wednesday, Feb. 6, at the State House in Boston, at 10:30 a.m.

This bill, in short, provides for clarification of the definitions of open meetings and attempts to eliminate the barriers which now exist to access by the public and the press. This bill is principally proposed in the interests of the people and their access to what their government is doing on every level.

Citizens, in all communities, whose stake is very real in this whole business are joining the press in asking for the passage of this bill.

The provisions of this bill, in non legal form, are as such:

Section I. redefines public records on an omnibus basis, something which has been sorely needed for many years.

Section II. sets up provisions for boards, commissions and committees, with notable exceptions, and establishes the ground rules under which executive meetings may be held, on the level of state. This bill also establishes requirement for notice of meeting government except under emergency conditions.

Section III. does the same city and town governments; things for County government, while Section IV is for and the subsequent sections ific statutes for access to provide for revisions in spec-meetings and the rights of the public in meetings of

city council, school committees and such.

This legislation will be presented as a substitute for a general and unspecific bill which was filed in behalf of the Freedom of Information Committee.

The Moss Committee in Congress have made disclosures which indicate how remiss the Federal establishment is in its responsibility to the people in terms of access to news.

This bill will be entitled; Substitute Proposal for H 437

An act relative to public records and proceedings.

In short, this bill calls for open meetings of all kinds with specified exceptions, and proper press coverage. Our own local Selectmen's meetings have been closed, and it will be very interesting to note the final outcome of this bill.

New Voting Precincts

At a meeting of the town Democratic Committee, at the home of Chairman Eleanor Grimes, the possibilities of new voting precincts were discussed. Selectmen Nicholas DeFlice and Frank Hagerty answered questions as to the possibilities and the question was passed on to the next meeting.

Equal Space For All Political Candidates

It is the Crusaders desire to give each and every candidate for public office, equal space in its pages, to present to our readers the qualifications and platforms of each candidates, and that the public may be better informed as to the candidates they will elect.

Town Democratic Committee Victory Ball

At a meeting of the town democratic committee at the home of Eleanor Grimes, Chairman, last week, plans were formulated to hold a victory banquet. This affair will take place in the near future and will be under the direction of Henry F. Filippone who will be ably assisted by Ernest Crispo, James McLaughlin, Hal McKelvey, Frank Hagerty and Dorothy Richards.

Plans will be completed during the next few days and will be made public. It is expected that many leading State Officials will attend, as also Governor and Mrs. Foster Frolo.

Firemen's Assoc. To Meet

The regular monthly meeting of the Firemen's Assoc. will be held at the fire house on Tuesday evening, Feb. 5 at 8:00 p.m. All members are urged to make a sincere effort to attend.

It is estimated that since it takes 14 ounces of pressure to strike a typewriter key, an average Navy Yomen's daily workload is the equivalent of lifting 378,000 ounces, 23,625 pounds or 11½ tons a day.

GIRL'S BASKETBALL

Ruth Howell

On Tuesday, January 22, the Tewksbury girls paid a visit to Wilmington's court. It was here that they gained their second victory of the season by beating Wilmington 59-51.

The game was thrilling from the first minute to the last second, although, it proved to be very rough for both sides.

The starting line-up was: G. Fisher, J. Rosselli, R. Howell, C. Randall, J. Page and E. Carnes.

High scorer was Gwen Fisher with 34 points. Other points were scored by J. Rosselli 6 points, A. Sullivan 5 points, R. Howell 6 points.

Scorer of the game was Carol McKay.

Referees were Mr. Lynch and Mr. Merrill.

On Friday, January 25, the Wilmington girls had their first victory of the season

with a 40-27 victory over Billerica. The team led all the way and at the half the score was 24-4 in favor of Wilmington. During the third quarter, Coach McCarthy gave substitutes a chance to play in the game.

High scorer again was Gwen Fisher with 16 points. Ruth Howell followed with 9 points, Judy Rosselli with 6, Nancy Bennett also with 6 points, and Pudge Cushing with three points.

The win was well-deserved and everyone worked hard for it.

On Tuesday, January 29, the team will go to Burlington to try for a second victory.

STARTING IN BUSINESS

by June Goss

Last Friday, January 25, a meeting was held for Commercial students in Room 111. Only Juniors and Seniors were asked to attend.

A representative of the First National Bank of Boston was the speaker. First he showed movie slides of what is expected of a student who is being interviewed. He stressed the fact that a girl's appearance and manners had a great deal to do with her acquiring a job. If a student has a neat appearance, good manners, and a pleasing personality, she has much in her favor. Also shown, were slides of the different machines that students would use: typewriters, comptometers, calculators, etc.

He said that it was up to the person how far she wished to advance. If she did good work she would surely be recognized and given a more responsible position with a possible raise in pay.

The representative went on to say that when looking for a position, salary should

not be the only factor considered. Be sure that you are going to enjoy the work you choose.

The topic was an interesting one and it answered many student's questions.

Baldwin Civic Assoc. To Discuss Town Budget

The next monthly meeting of the Baldwin Civic Association will be held on Tuesday, February 5, at the Wilmington Skating Club (The Old South School) on Chestnut Street.

The principal speaker for the evening will be the Town Manager, Joseph Courtney, who will present and discuss the budget for the coming year. Mr. Courtney will have mimeograph copies so that those who at-

tend will not only be able to question the T.M. directly, but will also have a copy of the budget to study before the town meeting - an advantage in these days when such things are apt to be lengthy, complicated, and sometimes controversial.

The policy of the Baldwin Civic Association is that meetings such as this one which are of interest to the general public are open meetings. Anyone interested is cordially invited to attend. The meeting will begin at 8:00 p.m. and refreshments will be served.

MARCH OF DIMES HELPS MARY ELLEN REARDON

Do you remember the tension that built up in the first part of last year while waiting for the results of the Salk experimental tests to be announced? Can you ever forget your reaction when the encouraging word was released that polio need never kill, maimed, as it had for so many years. But no matter how much polio might be prevented by the genius of Dr. Salk, it came too late for Mary Reardon. In July, 1953, Mary Reardon, youngest child of Mr. and Mrs. Gordon Reardon of Marion St., became ill. As soon as it was apparent that who suffered more than a virus infection, she was placed in the Childrens Hospital, where the dreaded diagnosis

of Infantile Paralysis was made.

The tiny, nineteen month old girl was totally incapacitated by the ravages of the disease. After two months in the hospital, Mary came home. But it was nine months more that she spent in bed, sitting only when propped. The National Foundation for Infantile Paralysis had volunteered their help at the very outset and Mary had been taken weekly to the Lowell clinic where she underwent the therapy that is necessary for such a long time in polio cases. At home the treatments were given patiently by her mother, and in Sept., '54 Mary Ellen walked. She walked with two crutches, but she walked. In a few months, one crutch was discarded, and at Christmas, Mary wheeled her most prized gift - a doll carriage.

When Mr. and Mrs. Reardon told Mary's story last year in gratitude for the help and encouragement given them by the Foundation, the little girl had progressed to specially constructed high shoes and it seemed that the path ahead lay clear. But recently, it was discovered that some of the muscles in the front of the foot had not responded as had been anticipated, and to aid them, Mary must wear braces for a while.

The Reardons have three other daughters, Dorothy, employed by the American Mutual, Marjorie, attending Wilmington High, Nancy, six, and a son, Gordon Jr., 6th grade student at the Wildwood school. Off-hand, we can't quote the going price for a pair of leg braces, but it is undoubtedly more than most of us could spare out of next weeks pay. That's

Mary Ellen Reardon, shown above, as she is today, after treatments from the March of Dimes Foundation.

why Mary Ellen, and the thousands like her, are so grateful for the help given by the Foundation, so grateful for the help given by YOU, for every coin pushed through a slot in one of the familiar miniature iron lungs, or a bill folded into an envelope is responsible for the Foundation being able to carry on the years of help that will be needed by those who will never be quite the same.

"COFFEE AND"

Well, here we go again. The weather "brains" are forecasting flurries and rain, while the town workers and the plows are doing double duty trying to clear pathways through the drifts.

I finally made my way from the office to the square and dropped in at the Wilmington Donut Shop for Araban coffee and a hand cut donut. I also had a bismark filled with pure whipped cream. Deelicious. It was well worth the effort. I even took home a bag full.

Now back to work to meet th deadline. Drop in yourself and taste the difference. This guy TONY can really make those donuts. Hand cut and FRESH every day.

He is located opposite Altman's Liquor Store, next to the Shoecraft Shop on Main St. in Wilmington Square. So long 'til next week.

MOTHERS' MARCH IN WILMINGTON

The mother's of Wilmington, will march Thursday night. At 7:00 January 31, these women will go from door to door, asking you to help by donating whatever you can into the March of Dimes Foundation. For an hour, these women will be asking you to open your door and your hearts, to give a little that will mean so much.

Could you refuse a child? Can you refuse the mother's of this town when they ask you to stoop a little to help a child? These women will be sacrificing their time and comfort to walk towards your door and ask for your contribution. No need to talk on where the money goes just give, and our mothers will see that it goes to the right place.

The town is divided in sections for purposes of collection and in your particular section, look for the following mothers; East Section - Mrs. Marguerite Harper, Captain, Mary Christopher, Amanda Gray, Mrs. Gallagher, Mary Calandrello, Mrs. Waugh, Mrs. James Roman, Mrs. Jack Moore, Mrs. Hupper, Mrs. Drover, Jean Collins, Irene Beaton, and Mrs. John Sullivan.

CENTER - Mrs. Virginia Chisholm, Mrs. Edward Gas-kill, Mrs. Kenneth Duff, Mrs. Robert Smith, Mrs. Carl Blomert, Dora Cornish, Mrs. James Fairweather, Frances Walsh, Mrs. James Sullivan, Mrs. A. Brabant, Mrs. George Height, Mrs. William O'Leary, Mrs. William Harrison, Mrs. Erwin Chernoff, Mrs. Viola McMahon, Mary Marshall, Mrs. Reardon, Isabelle Pellerin, Mrs. Dorothy Kelley, Vera Cuoco, and Mabel Mottolo, Captain.

SILVER SECTION - Mrs. Arsenault, Captain, Mrs. Paul Lynch, Mrs. Anthony Nicalazzi, Leona Hamilton, Mrs. James Shine, and Mrs. Lloyd Laffin.

The Salem Street section will be captained by Mrs. Jean Epstein, and The North Section will be captained by Mrs. Leo Dupras.

There is still time to offer assistance to this worthy endeavor. Anyone desiring to do so, may contact the following women: Mrs. Nicholas DeFlice, Chairman, at OL 8-4534, Mrs. Leo Dupras,

8-3539, Mrs. Jean Epstein, 83182, Mabel Mottolo, 8-2426, or Marguerite Harper at 8-2514.

Teachers Plan Curriculum

An example of the forward thinking approach to current school problems taken by Supt. of Schools John Collins and the School Committee was revealed at the last meeting of the board on Jan. 23. The Committee unanimously approved of a plan outlined by Supt. Collins for a course of study for elementary teachers based on the Elementary Curriculum Guide prepared by the Mass. State Dept. of Education. Suggestions found in the guide will be used in the classrooms and the result, evaluated at eight workshops which will be held under the direction of supervising principles Ralph Ambrose and Robert Barrett. About twenty teachers signed to take the course during which an elementary curriculum guide for Wilmington Schools will be prepared.

he request of Anthony Meades, Chairman of the March of Dimes, to place containers for collections in the classrooms was granted.

A report was made of the damage caused at the Wildwood School by a pipe blocked by wood and roof tile left during construction of the school.

Due to the shortage of classrooms for the coming school year, various civic building are slated to be used as classrooms. Supt. Collins and the board planned to meet Sunday to inspect the buildings.

The request of the P.T.A. to use the gymnasium for a dance for the benefit of the scholarship fund was granted.

Joseph Balestrieri submitted the low bid for transportation of a child to a school in Wakefield and was awarded the bid.

More than 65,000 Navy planes have landed aboard the anti-submarine aircraft carrier, the USS VALLEY FORGE

SELECTMEN'S NEWS

January 28, 1957

A meeting of the Board of Selectmen was held at the Town Hall this date at 8:00 p.m. Mr. DeFelice was not present, that he might join a family get-together for Nichols, Jr., who is leaving in the morning to enlist in the U. S. Marine Corps.

The Board voted to congratulate and extend wishes of Godspeed and Good Luck to Nicholas DeFelice, Jr., upon his enlistment in the United States Marine Corps.

The records of the previous meeting were read and approved as corrected. The Warrants were reviewed and signed. The Board adjourned at 12:30 a.m.

Attorney Simon Cutter, on behalf of the veterans organizations and certain business establishments in Wilmington, requested reconsideration of prohibition on pinball machines, according to these rules:

1. All Automatic Amusement Device licenses granted by this Board shall be for weekdays only.

2. No gambling shall be permitted in the operation of any machine at any time.

3. No one under 21 years of age shall be permitted to operate any machine. (This is intended to prohibit school children from operating the machine).

4. No type of machine as designated in the original license shall be changed or substituted at any time without notice and authority from the Board.

5. No machine licensed at a specific premises shall be moved to other premises without express authority of the Board.

6. All Automatic Amusement Devices shall have the following label, to be provided by the Board:

A. No gambling permitted at any time

B. No school children permitted to operate any machine

7. Any violation of these rules and regulations shall result in suspension or revocation of the license.

The following Motion was

made by Mr. Hagerty: "That the Board of Selectmen request the Youth Advisory Council to meet with the Board of Selectmen to discuss the petition of Mr. Simon Cutter in behalf of former operators of pinball machines."

The motion was not seconded and therefore not carried. The matter was tabled for further consideration.

A second Motion was made by Mr. Hagerty and reads as follows: "To see if the Town will direct the Board of Selectmen to prepare a division of the Town into convenient voting precincts in accordance with the provisions of Section 6, Chapter 54 of the General Laws (Ter. Ed.) as amended, or do anything in relation thereto."

Those voting in favor of the above motion were Mrs. Drew, Messrs. Black and Hagerty, opposed - Mr. Bliss.

Approval was received from the School Committee for the use of the High School Cafeteria on March 2 - Town Election Day and the High School Auditorium on March 9 - Annual Town Meeting Day.

Mr. John A. Lucci, Jr., owner of property at Lowell and Woburn Streets met with the Board to discuss the rezoning of his property to neighborhood business.

Mr. Lucci was referred to the Planning Board.

The names of William K. Widger, Jr., 1 Fairview Ave. and Mary B. Anderson, Westdale Ave. were drawn to serve as Jurors for the Jury Pool at East Cambridge, Mar. 4, 1957.

The Certificate of Incorporation, submitted by Robert L. Ramsdell, 32 Glen Rd. (and others not resident of Wilmington) to incorporate under the name of Lions Club of Wakefield, Inc., was approved.

The Town Counsel will be asked for his opinion as to whether "Removing of Parked Cars from Highways When Interfering with Snow Removal Operations" should be included in the Town's Traffic Rules and Regulations or be a Town By-Law.

The Town Engineer will be requested to prepare detailed plans of a certain area of Adams St., in preparation for action at a future Special Town Meeting.

Articles to be included in the Annual Warrant were reviewed and discussed.

Businessman Loses In Land Court

At a hearing two weeks ago, the Appellate Tax Court found in favor of the Town of Wilmington as against the appeal for abatement of Robert Michaelson of Main Street. A check of the records show that this is the sixth case out of seven, that the Land Court has found in favor of the town.

FAMILY SUPPER PLANNED AT METHODIST CHURCH WEDNESDAY, FEBRUARY 6, 6:30 P.M.

All the families of the parish are cordially invited to attend the family supper on Wednesday evening, Feb. 6, beginning at 6:30 p.m. The supper is being sponsored by the Women's Society of Christian Service. Following the supper the women are invited to stay for the regular monthly meeting of the W.S.C.S. at which time Mrs. Pearce Tuffin will be in charge of the program.

ADULTS OF METHODIST CHURCH MAKE CHINATOWN PLANS

The adults of the Methodist Church are planning a fellowship supper to be held at the Chinese Christian Church on Sunday evening, February 3, at 5:30 p.m. for supper and to attend services. All persons desiring to go will be in touch with Mrs. John Q. Adams, Sewell Rd., No. Wilmington. Dinner reservations will be \$1.00 per person and transportation will be arranged. Mrs. Adams must have all reservations by Friday, February 1.

Contrary to popular opinion, the first shot fired at Pearl Harbor in World War II was fired at the enemy from a Navy ship, sinking a Japanese submarine.

SACRAMENT OF HOLY COMMUNION TO BE OBSERVED AT METHODIST CHURCH, SUNDAY, FEBRUARY 3

The Sacrament of Holy Communion will be served the members and friends of the Wilmington Methodist Church, at 9:15 and 11 a.m. Miss Yolandi Moe will sing: "Jesus Said Unto The People" by Stainer at the 9:15 hour and senior choir will sing "Let Us Break Bread Together" at the 11 a.m. service.

In extending the invitation to all, the Rev. Richard E. Harding shares the following quotation with the people of his parish. "Why do I come to the Communion Table?" Not because I am worthy, but because I have fallen short of what I might have been; not because there is any magic in partaking the symbols of Christ's body and blood, but because the Lord's Supper is memorial to Him. I come, because here is portrayed the sacrifice of my Lord; I come, because here I have the opportunity to acknowledge my unworthiness and to make a new start; I come, because I rise from the Lord's table with new strength, new courage, new power to live the more abundant life."

\$16,000 HOME TO BE GIVEN AWAY AT N. E. HOME SHOW FEB. 15 - 19

Boston - A \$16,000 air-conditioned Hodgson 3-bedroom ranch house will be exhibited at New England Home Show in Mechanics Building Feb. 15-19 and will be given away to a lucky visitor to the show.

This attractive ranch, which measures 26-44 feet, will be completely constructed in Mechanics Building for the show. This same house will be awarded to a lucky visitor to the show.

The house's kitchen will feature Youngstown cabinets and sink, and a built-in Tappan range and oven. The house will be air-conditioned by a Carrier Weathermaker. Oak flooring will be used through the house with wall-to-wall carpeting in the living room. The kitchen and bathroom, which will use American Standard fixtures, will be tiled. Bird asphalt shingles will be used for the roof and Malt-a-Matic-Glide windows in the house. The house will be insulated, have modern fold doors, combination doors, plywood panel-

ling and fireplace.

In addition to this beautiful house there will be more than \$16,000 in prizes including a 7000 sq. ft. lot at Vero Tropical Gardens in Vero Beach, Fla., located only 120 miles north of Miami; aluminum Jasco door; venetian blinds, kitchen exhaust fan, electric door chimes, aluminum combination windows, out door disposal, Thermo-Rite fireplace enclosure, aluminum Fleet-lite sliding double picture window, four cellarways, wallpaper, scenics, and an array of other articles.

The latest 1957 home ideas, materials, equipment and appliances will be exhibited at the Home Show, sponsored by Home Builders Assn. and Boston Real Estate Board.

IT TAKES \$12,500 TO MAKE ONE JOB

New York, - (Special) - It now takes about \$12,500 in lands, plants, facilities and working capital to provide one Johns-Manville job at today's replacement costs and prices, according to A. R. Fisher, President.

He told 125 company executives and sales representatives of the Building Products Division here for a three-day conference at the Roosevelt Hotel that the cost of doing business, plus the need for dynamic company expansion to stay in business, makes a healthy profit margin the life blood of a modern corporation.

Since 1945, Mr. Fisher said, Johns-Manville has spent more than \$180 million on expansion and replacement, of which more than \$135 million was obtained from funds originating from company operations.

This company expansion made possible by profits has not only created 8,000 new jobs throughout the company in the past 11 years, signed at this shop.

but has opened up many opportunities for advancement within our organization and has enabled the company to supply modern labor-saving devices to ease physical work on the job. Mrs. Fisher said, The Company is committed to continued policy of growth.

Johns-Manville will spend \$35,000,000 on plant expansion in 1957, establishing an all-time investment record for the company in any one year, Mr. Fisher said, and will bring the total spent on plant expansion and modernization since 1945 to more than \$215,000,000.

Looking to the future, Mr. Fisher said, "Despite the tight money situation consumers all over the country still have plenty of funds at their disposal and the outlook for the years ahead is exceptionally good. We are confident that with the plans now being developed for the Company's future growth we should share favorably in this business, with expectation that Johns-Manville will continue to grow at a slightly faster rate than the national economy."

Steve and Charlie Given New Wardrobes by Eugene's

It was Christmas in January for two young Hungarian refugees as they were completely outfitted through the generosity of Eugene's. Top, Ted Vernon measures Steve for shoes; Dick Walsh congratulates Charlie on fine fit. Bottom center, boys are shown preparing to leave store laden with new clothing. Mr. Eugene Nigro, proprietor of Eugene's is in center of group.

WANTED. EMPLOYMENT.
Two young Hungarian refugees, 21 yrs. old, desire honest employment of any kind. Will work separately, but hope to be employed together.

Have demonstrated ingenuity, courage, and an overwhelming desire and ambition to secure a foothold in the free world.

To substantiate character references, refer to Russian Army, Austro-Hungary border, whose barbed wire barriers and heavy rifle-fire were unable to dissuade them.

Please refer all inquiries to Francis E. Moore—RE 2-1091-M, or Leonard J. Peterson—RE 2-0732-J.

This slim, lovely chair is part of a new grouping called Eurasia. As its name implies, the furniture has a decidedly Oriental flavor. It is available in butternut brown finish on oak. The seat of the chair is woven cane, a decorative touch which is very popular.

SKIING AT NO. CONWAY

Miss Jeanne Ashworth, a freshman at Bouve-Boston School, affiliated with Tufts University, Medford, is spending several days at Intervale, N.H., taking skiing lessons at Hahnes Schneider's Ski School, North Conway. Miss Ashworth is the daughter of Mr. and Mrs. J. Raymond Ashworth of 117 Church St., Wilmington.

Young Refugees Now Housed and Clothed

Have One Question, "Where Can We Work?"

Steve and Charlie, Reading's newly arrived Hungarian refugees, had a major problem solved for them last Thursday afternoon when they were furnished with a complete wardrobe of winter clothing by Mr.

Eugene Nigro, proprietor of Eugene's of Reading Square.

That the young men were ill-equipped to cope with Reading's sub-zero temperatures was immediately all too evident to the boys' hosts, Francis E. Moore of 20 Dunbar rd. and Leonard J. Peterson of 14 Hillside ave. Neither boy had any outdoor clothing. Charlie was wearing canvas shoes and the soles on Steve's shoes were paper thin. The only thing the boys had plenty of was discarded suit coats, but each owned but one pair of trousers.

Upon being informed of the boys' plight, Mr. Nigro volunteered to outfit them from his large and varied stock.

No interpreter was present at Eugene's on Thursday afternoon. None was needed. Broad smiles and warm handshakes were far more expressive than words can ever be.

Ted Vernon and Dick Walsh of Eugene's staff took the boys in hand and expertly measured and fitted them with shoes, socks, underwear, shirts, sweaters, trousers, and heavy outdoor jackets. It may have taken a little time for the two young Hungarians to figure out exactly what was going on, but Vernon and Walsh were obviously having the time of their lives.

The cash register didn't ring, but three Reading businessmen received far greater satisfaction than a record sales day can offer.

One problem is solved, but an even greater one remains—the need for employment.

As reported last week Steve and Charlie's future well-being is being underwritten by Francis E. Moore and Leonard J. Peterson. Both are young Reading family men, employed as professional engineers. Moore has four children, and Peterson, three. Both are excellent providers, but neither is qualified to entirely support for a long period a person who amounts to an additional family member.

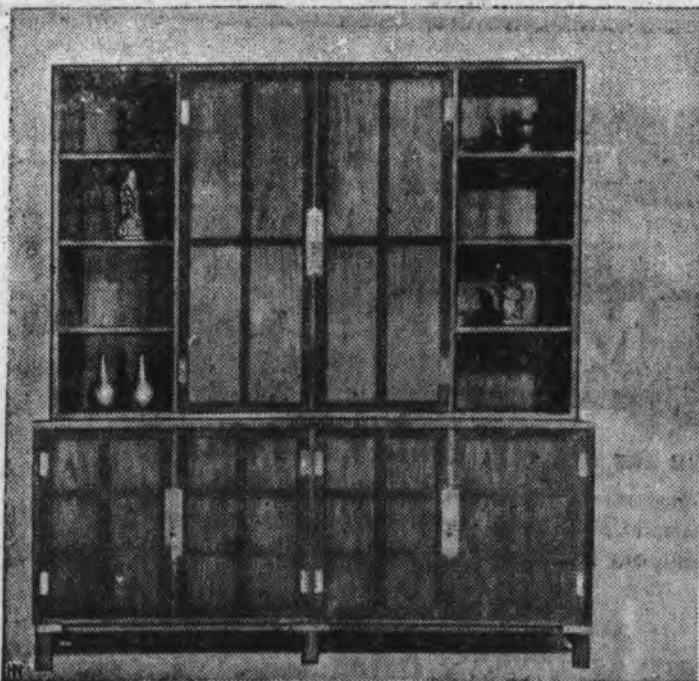

Once settled down, Steve and Charlie asked the same question, and asked it repeatedly, "When can we go to work?"

Prior to military service, Steve was employed as a masonry worker, bricklaying and plastering. Charlie was a textile machine operator. Neither is holding out for a job in his trade. Both are willing to accept any honest work.

A synopsis of their situations might well read:

An attractive, comfortable bedroom is a must in a home. Here, two bachelor chests flank a vanity table which will surely please the lady of the house. Slim legs lift the pieces off of the floor to create a sense of lightness. (Bassett Furniture Industries, Inc.)

The parquetry veneer front of this magnificent buffet and china deck hints of a Jacobean influence. It is made of figured American walnut in a choice of a rich new brown or a lighter distressed finish. Doors have magnetic latches and two of the doors in the base open to reveal contrasting black lacquer trays. (Slight of Grand Rapids)

Antique brass drawer pulls and ferrules gleam in this Italian provincial grouping of mahogany. The corner desk is a wonderful space saver and fits in beautifully between the two chests which provide storage space. (Bandy Cabinet Works, Inc.)

Chapin Chatter

Last week I went to New York to attend a two day meeting put on by the Stewart Warner Corp., Winkler division to show the new equipment for heating for this coming year.

Frankly, it was quite a rewarding trip, but from an unusual angle.

On the train the car we were riding in was removed at New Haven and we were shunted back to find seats in the other cars, although they had sold all the seats including the lounge cars. No efforts were made to take care of us.

On arrival after standing up for an hour and a half we took a cab to the hotel. The doorman opened the door and took three bags out of the cab and placed them on the sidewalk. I gave him 35 cents. He looked at it and said, "It's a great country", and walked away.

In the two days we spent there, our room was not made up until after three o'clock any day. The dining room waiters shoved, elbowed and generally endeavored to make themselves obnoxious, and succeeded. As one of the group put it, "If you want to find out what SERVICE isn't, come to this hotel." Besides all this they charge you \$17 per day plus meals.

We are in a service business the same as a hotel. Our only reason for existing is to provide service in the form of heating comfort to our customers, and we try our best to keep this in the front of our minds. That is why the above experience was rewarding, since it reminds us how irritating poor service can be.

If you have experienced a similar problem with your heating service, let us take the bad taste away with some deluxe service.

Call Mr. Nichols or me at READING 2-3293.

Talk Of The Town

By Hank Filippone

Weather Report - Your guess is as good as mine.

The new assessment books are now in the final stages, preparatory to printing. These books will give an exact listing and valuation of each piece of property in Town, and each taxpayer will receive one. Our genial Police Chief, Paul Lynch, told me he bought his hats, but I'll be a cigar that Ruth has some say about his ties.

The V.F.W. post 2458 has hit on a novel idea for community service and are sponsoring a movie for children on Saturday afternoon. These are regular 16mm movies with sound, and will provide tired mothers with a breather space, as the V.F.W. members will "sit" for some three hours with the kiddoes, starting this Saturday, a complete chil-

drens movie will be shown. The price of admission is only 10 or 15 cents to defray the cost of the film. This is a non-money making program, but will afford our children the pleasure of a regular movie Saturday afternoon. I think the members of the V.F.W. post deserve a vote of thanks for giving of their time and quarters to make this program available to citizens of Wilmington.

The sight of two elderly "gents" swinging away at one another makes one realize that hope spring eternal in the hearts of men.

Our new home garden column should prove interesting to some of our many readers, especially Phil LeDuc, who makes quite a hobby of gardening. Miss Cold will answer all questions pertaining to Potted Plants and

such. Now that the "old man" says I can take some pictures, our readers can look forward to a more readable paper with some pictures to break up the print.

Our newest comer to "Automobile Row" (Wilmington Ford), is now adding a body shop to their present list of services.

Another cash give-away contest going on in Town. This time Paul McCabes Merri-Mac Cleaners on Main Street. Rules are simple, just register your name and each week a name will be picked and the winner receives \$25.00. You must be registered, but your presence is not required. Easy money, folks.

Stopped into Bob Michaelson's Shoecraft Store and was surprised at the compact, capable workshop in the rear of the store. From building a shoe, sharpening skates and receiving payments on telephone bills, Bob really has a busy day.

Hal Foley is still keeping mum on the coffee deal. Maybe another spell of cold weather will spur him on.

Tom O'Connors car projects a glum sight, sitting there in the Tydol Station yard, with its nose all pushed in. Wot happen, Tom?

Larry and Isabelle Foley are taking such good care of George that he is really enjoying living these days. It gives him more time to devote to his beloved philanthropic activities.

Tom Connelly's (Station Depot Agent) bright red coduroy hat and what time does the 8:06 train for Lowell leave?

This week-end has been a busy one for skaters, what with the contests at the skating club on Saturday, and the Silver Skates Derby, Sunday. Details and winners names will be found elsewhere in the paper.

The Old Philosopher Says: If you're in the 'doghouse' with the missus, read to her the following verse from Shelley:

Love's Philosophy
The fountains mingle with the river
And the rivers with the ocean,
The winds of Heaven mix

forever
With a sweet emotion:
Nothing in the world is single:
All things by a law divine
In one spirit meet and mingle.
Why not I with thine
See the mountains kiss high heaven
And the waves clasp one another;
No sister flower would be forgiven
If it disdained its brother;
And the sunlight clasps the earth
And the moonbeams kiss the sea:
What is all this sweet work worth
If thou kiss not me?

ST. THOMAS NEWS

Confessions will be heard at 7:30 p.m. in preparation for First Friday.

First Friday Masses will be at 6:00, 7:00 and 9:00 a.m. and the Sacred Heart Devotions at 7:45 p.m.

The Council of Catholic Women will hold their first meeting of 1957, at Villanova Hall after devotions. It would be a fine tribute to our Lord if all the members attended the devotions before the meeting.

Saturday is the Feast of the Purification of the Blessed Virgin or Candlemas Day. It is the last echo of Christmas and at the same time a transition to the Easter cycle. The candles blessed that day remind us of Christ, the Light of the World, who enlightens every man that cometh into the world. Just as a burning candle is consumed and finally dies out, so did Christ sacrifice Himself in spreading His truth and grace.

At 7:45 p.m., Our Lady of Fatima Novena.

Next Sunday is Communion day for the women of the

parish, and Saint Blasé Day, Blessing of throats.

Each Sunday we have 20 extra copies of the Pilot available from the ushers for the convenience of those who do not subscribe.

Gratitude for the generosity of the parish in the monthly collection last Sunday. During the months of 1956 some 500 families contributed in the monthly envelopes. It is heartening to know that so many are responding so regularly and generously to the needs of our parish.

Thanks also, to the CDA, for the proceeds of the whist on Thursday.

Coming, Monday, Feb. 4, the Altar Boys' Whist at Villanova Hall. And on Sunday, Feb. 10, The Skl Trip to Guilford, N.H. for the young folk. Also starting Feb. 10, will be Cana Conference for married couples of St. Thomas and St. Dorothy's at Villanova Hall at 8:00 p.m.

MEETING OF THE WILMINGTON ROTARY CLUB

The regular meeting of the Wilmington Rotary Club, was held Wednesday, Jan. 23, at 12:15 P.M. with president Herbert Pickering, presiding.

After a salute to the flag, and one verse of America, the invocation was given by Rev. Stanley Cummings.

After the luncheon, singing was enjoyed, led by Supt. of Schools John Collins.

The president introduced guests from Concord, Woburn, Reading, and Wakefield.

After a short business meeting, the gavel was turned over to Ralph Swanson, who in turn introduced the speaker of the day, B. F. Collins. Mr. Collins is Director of unemployment compensation, of the department of the Associated Industries of Massachusetts. He also was one of the first students, under the Rotary fellowship going to Wales to further his education. He told of his experiences in Wales, and of the benefits he received from the fellowship. In his remarks, he indicated that he could not have enough praise for the experience, and benefits that he derived from this Rotary fellowship.

He also spoke briefly, on his work as director of unemployment compensation, stating that it was possible for many employees to save themselves many dollars in the course of a year, if they thoroughly followed four simple procedures.

CRUEL WORLD . . .

Children are perplexed and no wonder . . . sent to bed early (to them) when they aren't sleepy and unceremoniously dumped out when they are.

SOMEONE GOOFED . . .

Some of our fire fighters are, to say the least, quite put out due mainly to a story by an alleged local newspaper. The story . . . and I quote, "Now word is trickling back from the State House as to the results of the examination." "So far NOT ONE (the caps are mine) of the fire fighters has had other than a passing mark." End quote . . . This seemed to me to be sort of a ridiculous statement to make . . . upon checking . . . with a fire official, this is what I was told . . . First, word did not "trickle back", but was sent back intact and all marks arrived at once. Second, so far as not one fireman having other than a passing mark, that statement is rather far fetched. Unless things have changed since I was in school, 70 was a passing mark and the lowest mark in the test was an 80 plus and the high, a 90 plus. Doesn't sound like, "not one of the firemen has had other than a passing mark", to me.

Overheard At The Donut Shop . . .

Two of the D.A. haircut crowd were talking, one said to the other, "my mother set out a trap to catch a mouse the other night. The mouse took the cheese but eluded the trap." "Boy, that mouse must be of a real cat."

Received a card from Besie Cohen . . . staying at the Patrician Hotel at Miami Beach . . . in part it says, greetings from the cold south, today 87 . . . visited the DeCarlos family, of Tewksbury at New Port Richey, Fla., they send love to all at home . . . see you soon.

Oops . . .

Headlines . . . front page . . . "Lions To Raise Money For JIMMIE FUND In Donut Shop" . . . The organization . . . for the uninformed, is . . . The March Of Dimes. Silver Skates . . .

Wilmington should certainly be a proud town after the terrific showing it made Sunday afternoon, at the Silver Skates Derby. Imagine having three winners out of thirteen events and almost a thousand contestants. Hats off to Barbara Maloney of North Wilmington in the Girls Atom . . . Danny O'Connell of North Wilmington in the Boys Atom and Celia Spear, of Wilmington in the Girls Junior, all winners, and to the many other boys and girls from Wilmington, who carried back with them on a special train, all the other medals. A special tip of the hat to our honorary Mayor, who presented his own special award to the winner of the Old Timers Derby.

New Name . . . Did you notice that the Mayor of Haverhill renamed the State of Massachusetts . . . Taxachusetts? Controversial . . .

Favorite girl vocalists Lena Horne and Julie London . . . favorite male, Perry Como and Tony Martin . . . Favorite singing group, the Ames Brothers . . . favorite band, (old) Duke Ellington and new, Les Elgar.

From The P.O. . . A young father was pushing a baby carriage in which an infant was screaming as loud as any Comanche, who ever lived. Wheeling the howling child along, he kept murmuring gently, "Easy now, Donald, keep calm Donald, steady boy, it's all right Donald." A mother passing by paused to say, "You certainly know how to talk to an upset child—quietly and gently." Then, leaning over the carriage, she said, "what seems to be the trouble, Donald?" "Oh, no," said the father, "He's named Henry. I'm Donald." Looks Nice . . .

Shoecraft Shop has joined the merchants in the Square who are going all out to make their establishments as attractive as possible. The interior has been done over with the new type speckle paint manufactured by Raffi and Swanson, a local concern. In the spring the ex-

terior will be painted, according to Bob Michelson the proprietor.

FIRE LOG

On Jan. 21, at 1:04 p.m. Engine 2 responded to a call from a citizen on Gowing Rd., who complained of smelling smoke. No damage resulted.

On Thursday, Jan. 24, the fire dept. received four calls for aid. At 10:35 a.m. the ambulance was summoned to transport Mrs. Helen Coughlin of Clark Terr. to St. John's Hospital. At 8:11 a.m. the ambulance was summoned to the home of Richard Coughlin of Magazine St., to administer oxygen to a child. At 2:10 a.m. the ambulance was summoned to the home of Mrs. Israel of Pillings Rd., to transport Mrs. Israel to Winchester Hospital. At 4:35 p.m. on the same day the ambulance was again called to the home of James Jones on Pershing St., to transport a boy to Choate Hospital.

On Monday, Jan. 28, Engine 3 responded to a call from Mr. Young on Middlesex Ave., where a brush fire had broken out. Little damage resulted.

MRS. KINGSBURY PASSES AWAY

Wilma B. Kingsbury, 84, of 89 Burlington Ave., passed away at her home on Saturday morning, Jan. 26 following a brief illness. Born in So. Penobscott, Maine, Mrs. Kingsbury moved to Medfield, Mass. as a young girl and has been a resident of our town for over twelve years. She was a member of the teaching profession and prior to her retirement, having been for thirteen years the teaching principal at the Center School in Merimac. She was a well-loved member of the Congregational Church and the Wilmington Woman's Club.

Besides her daughter, Mrs. James Jones, with whom she had been making her home, Mrs. Kingsbury is survived by two grandchildren, Malcolm and Wilma Jones. She is also survived by two stepchildren, Lina Kennett of Hillsboro, N.H., Alden Kingsbury of Newton and several step-grandchildren.

Funeral services were conducted on Tuesday, Jan. 29 at 1:00 p.m. at the Guy E. Nichols Funeral Home on Middlesex Ave. Rev. Stanley Cummings officiated at the services. Interment was in the Vine Lake Cemetery in Medfield.

Funeral arrangements were under the direction of Guy E. Nichols.

HOW WELL DO YOU KNOW YOUR FIRE DEPARTMENT?

Here in Wilmington, as in all other towns, we have a group of men who are waiting to spring into action at the faintest call for help from the biggest or smallest citizen. How many of these men do you know? Do you know how many of them are included in the group or how well equipped they are to render you service in your time of need? Do you think that when the excitement dies down and the flames are under control that the fireman's job is done? We are going to endeavor here to make you a little better acquainted with your fire dept.

We have a total of twelve men on our permanent fire fighting force. Chief Arthur Boudreau became a member of the dept. in February of 1949 and a little over a year later, in September of 1950 after showing definite ability, he stepped into the position vacated by the former chief. There are two Lieutenants on the force, George Cushing and Harold Call. Both of these men have been employed here for many years: The nine Privates include: Charles Ellis, Raymond Dewhurst, Frederick Kleynen, Ralph Plumber, Joseph Hardy, Kenneth Marshall, William Nee, Charles Webster and Robert Woods. Beside these twelve we have fourteen "call men" who respond immediately when the alarm is sounded.

There are five bright red (what else) trucks behind those doors at the station. They are always spotless and in excellent repair. There is

absolutely no chance that your call for aid will not be answered. Our town is equipped with a rescue boat and trailer as well as a civil defense "gig" both of which are waiting to jump into immediate action. The ambulance in our town belongs to the fire dept. also. Here again these men have been commended by those having use for this vehicle on their prompt response and skillful handling of patients. The rescue truck, called by some the emergency wagon answers most of the town's service calls. What is a service call? Have you ever heard jokes told about firemen rescuing cats from trees? This is not really fantasy, it's quite true. Have you ever had a ring caught on your finger and not known how to get it off? You should have called your firemen, they answer innumerable calls of this type. A service call to the fire dept. can mean anything from delivering a baby to adjusting an oil burner.

Have you ever stood in a group of spectators watching a fire? Did you turn and leave when the red glare was gone thinking that the job was well done? When the fire is out, firemen are still facing a large part of their job. Do you know that for most fires, men are left at the scene all night just in case some little ember should spring up again? There usually is very little chance of this, but fire fighters take no chances, they sit and watch. Following a fire great amounts of hose must

be drained, dried and rolled back up, trucks are washed and cleaned, ready for the next alarm, which could come any second. Even the floor of the station is swept and washed. Hours and hours of work are left, stretching way beyond that bright red glare.

Co-operation between fire depts. in various communities should be mentioned here. When Wilmington (or other towns) has a fire big enough to necessitate the use of all men and equipment, a call for aid is sent to the fire depts of nearby towns. You may not see these out-of-town trucks on the scene, but if all of Wilmington's trucks are on hand, you may be sure that Reading, Woburn or Billerica (or any one of many others) trucks are sitting in our station "filling in" in the event of a simultaneous fire. Last year Wilmington's firemen answered eight calls for help from surrounding towns.

During 1956 our dept. answered a total of 553 calls. If you thought your employees were inactive because you did not hear alarms blowing every day, don't be fooled. Only 39 of these calls were bell alarms, the other 519 were silent.

The ambulance was summoned a total of 195 times last year. Some calls were happy, not all ambulance runs mean tragedy. A good many of them were heralding the arrival of a new little citizen. Many more were transporting patients from the hospital to their homes. Many are of course automobile accidents, heart attacks etc. All are answered spontaneously a fact which many citizens will agree has saved their lives.

During the year 38 buildings were ignited and 54 service calls were answered. Twelve times in twelve months firemen rushed to the aid of citizens with their resuscitator, which breathed life back into a nearly lost resident.

In 1956 firemen were called to fight fire at the dump 37 times. This is approximately three times every month. Many times the same fire at the dump site has been known to smoulder for days, thus keeping firemen on the spot.

The one call most firemen would rather not answer is a false alarm. Last year our men were called out 21 times for nothing. During their absence tragedy could strike in another part of

town. Each time the trucks leave the station, tax payers are footing the bill. How senseless is the person who sounds a false alarm.

Firemen last year answered about one automobile or truck fire each month. A total of 14 for the period. Eight chimney fires occurred, with very little damage being done.

The type of fire claiming most of our fire-fighting dollars and man-hours is brush and grass. During 1956, a total of 153 brush and grass fires were fought (and conquered) Eighteen oil burners caused trouble to their owners and acquired the attention of our men.

In 1956 the fire dept. issued 3275 permits for burning, 201 permits for oil and 70 for gas.

In the same period a total of 63,475 feet of hose was laid. Your fire chief has even kept a record of every foot. Of 2 1/2 inch hose, firemen laid 11,125 feet, 1 1/2 inch, 8,150 feet of 1 1/3 inch. The greatest amount was of course Booster hose (the type used in fighting brush fires) 34,125 feet. Every foot of this hose was of course drained and cared for after the fire. Can you imagine draining and rolling that much hose in sub-zero weather, or even when the temperature soars to nearly 90 degrees? The fire dept. even keeps track of the ladders they raise at fires. Last year 283 feet of ladders were used.

During the twelve months just passed a total of \$51,374.50 worth of property was damaged, and \$291,600 dollars worth of property was endangered but not harmed.

If you are ever near the station and see firemen idle, don't think for a minute that you are paying them for doing nothing. What you have just read should prove for you that your truly getting your moneys worth.

As My Garden Sleeps

By Mari Gold

(Editors Note: Mari Gold has just been added to our staff and will attempt, each week, to bring to you a column of useful and interesting information regarding plants, flowers, trees, etc. any questions you may wish to have answered may be addressed to the editor).

The cold wind blows and the grayish-blue sky is sprinkled with white clouds. I look out across the garden where mother nature has spread a thick blanket of white to cover and keep warm the flowers which are sleeping beneath the earth. The Maple tree, as she stands in her winter dress, casts long finger-like shadows on the snow, as if to reach out and grasp anything daring to venture in to disturb nature's solitude. The violet, daffodil and all the others simply must not be awakened before spring. The bird house rocks and sways in the branches as it awaits the arrival of spring and its first tenants. The apple tree, all gnarled and leaning to one side looks a little disconcerted with the cold weather. A row of small white pines border the garden and I can hear them whistling a winter lullaby, but as my garden sleeps:—

Spring is on the way, at least in the mind. The seed catalogs for 1957 are arriving. I received several last week when the temperature was so low, no one would even give gardening a second thought, except the seed companies. As I looked thru the brightly colored pages, I stopped to glance again at my garden and to wonder how many people realize what a blessing the snow covering really is to our perennial plants. If we were to have below zero weather without the snow the plants would freeze. Bare ground in winter is especially hard on plants unless we take time out in very late fall to cover the garden, and who does? Most of us have good intentions; but get diverted. I turned back to the catalog and thought:

January is a good month for planning, make an inventory of garden tools. Paint the handles bright colors. This will make them easy to find in the green grass. Look over stored tubers (bulbs) to be sure that they are not suffering from too much moisture, or lack of it. Make out a list of flower and vegetable seeds and order them early.

There are pests living in our trees, yes even in cold weather. Brush cocoons from the bark of old trees, or burn them off lightly with a blow torch if necessary, to get into close spots. Brush snow from evergreen branches to keep them from breaking or bending out of shape. Keep it in mind to give them an oil spray sometime before March 15. Be sure to do this on a day when the temperature is up around 45 degrees and when there is little chance of a drop in temperature at night. You will be surprised at how this improves your control of the white scale and keeps down the invasion of the red spider.

Now for a bit on house plants for our indoor gardeners: Most plants like to get their moisture as their outdoor relatives do, by drinking through their roots. Place plants in a saucer of water. Overhead watering ruins the foliage. Remember to water in the morning and let the plant go to sleep during the day. Sponge the leaves with a mild soap and water to remove dust, as plants breathe through their leaves. With the turn of winter, use a little fertilizer on any plant showing new growth. If the leaves on your Begonias are brown around the edges, they are too close to the window glass and are burning.

Don't attempt to keep your Christmas plants, such as

Poinsettias and Begonias growing. When they begin to drop their leaves, set them aside. Just water them enough to keep them alive. In April, cut them back and repot. In June plunge them into the garden and allow them to remain there until September.

BILL LASCELLES CHANGES ADDRESS

Dear Mr. Editor:
I would like to take this time to thank you and the members of your staff, and by no means forgetting the VFW for making the Crusader possible to me and everyone else in the service from Wilmington.
I should like to continue receiving the paper. That is why I am sending you a correction in my address.
A2C William Lascelles

DET. No. 30 TUSLOG
APO 254 N.Y., N.Y.
Thank you again for the paper.
Sincerely,
William Lascelles

PETE JEFFREY COMING HOME

Dear Sir:
I would like to inform you that I will be released from the United States Marine Corps in January 1957.
I would also like to thank everybody that made it possible for me to receive such a fine paper for the past three years.
Sincerely,
C.P.L. Peter A. Jeffrey

ROBERT BRANSCOMBE IN HAWAII

25th Div., Hawaii (AHT-NC) - Pvt. Robert E. Branscombe, son of Elmer R. Branscombe, 298 Main st., Wilmington, is a member of the 25th Infantry Division in Hawaii.

Branscombe is a medical aidman in Clearing Company of the division's Medical Battalion. He entered the Army in June 1956, was last stationed at Fort Sam Huston, Tex., and arrived overseas last November.

The 17-year-old soldier is a 1956 graduate of Wilmington High School.

BENTLEY SCHOOL ASSISTANT DIRECTOR OF ADMISSION TO SPEAK AT HIGH SCHOOL

George E. Noonan, Assistant Director of Admissions at Bentley School of Accounting and Finance in Boston, will address students at Wilmington High School on Jan. 28. His topic, "Opportunities in the Accounting Profession," will be supplemented with a film.

WEST WILMINGTON NEWS

Our thanks to Bill Babine of the Tree Department for clearing the brush on the corners of Forest Street, thereby lessening the driving and walking hazards.

At the meeting of the West Wilmington Betterment Association last Thursday evening, it was decided to have a Blitz party and Record Hop to serve a dual purpose, to raise money for Troop 57, and as a social for the people of West Wilmington. This event is being planned for sometime in March.

The next meeting of the W.W. B. A. will be very interesting. We will try to have all the candidates for office appear before the group and present their qualifications and give the people a chance to meet them personally. This was done last year and everyone agreed that it helped them to make a better choice in their voting.

Ed MacDonald of Burlington Avenue has been on continuous duty at New England Coke office in Everett, since New Years. He is one of the supervisory staff who must keep things going during the strike. I wonder if he will have that "prison pallor" when he gets out.

Mr. Ernest Littlewood has been very sick. He was in the hospital, but is home now, a visit by some of the neighbors should help to cheer him up.

Joe Meehan of Swain Rd. West has filed nomination papers for the Housing Auth-

ority. Joe has his own business in Boston and should therefore be able to contribute a great deal toward the Urban Renewal Program which is just getting under way.

You will hear more about him as election day draws nearer. Right now we will say Thanks for having enough interest in Wilmington to want to spend some of your time in Helping.

J. E. POLOIAN WINS AGAIN

J.E. Poloian, North Wilmington, representative of The Lincoln National Life Insurance Company, has just been notified that he is a winner in a special one-month nationwide sales contest conducted by his company.

At the close of the year, the company makes a special one-month drive in honor of Cecil F. Cross, vice president and director of agencies. A new all-time company record was set in the contest just concluded.

In recognition of his achievement Mr. Poloian is being sent a personal memento by Mr. Cross.

"Who Says You Need Costly Shots To Relieve 'Hot Flashes' And Irritation From Change-Of-Life?"

(Mrs. A. M., Watonga, Okla., adds, "Middle age" was torture. Had costly shots 3 times a week but got no relief. Then took Pinkham's Tablets. They brought me new happiness, comfort!")

Science offers women new freedom from much of the misery of change-of-life, thanks to an amazing new tablet developed especially to relieve these functionally-caused discomforts. Doctors reported sensational results using this remarkable home treatment alone...and no costly injections!

Relief for 8 out of 10 Tested!

Irritability, tortured nerves were calmed. Dizziness relieved. Awful hot flashes subsided. Here's why. Unlike aspirin and such "general purpose" remedies, this new tablet is a unique combination of special

medicines...acts directly on the cause of these troubles...works through a woman's sympathetic nervous system to relieve tense feelings and physical distress that bring unhappiness to so many. Clinical tests prove this.

Now this amazing formula is at drugstores without prescription. Ask for "Lydia Pinkham's Tablets." Don't let change-of-life rob you of joy! Get handy Pinkham's Tablets. Contain blood-building iron. See how fast you can feel your happy self again - without costly shots! (Also liquid Lydia E. Pinkham's Vegetable Compound.)

HOW MUCH WOULD YOU STEAL IF YOU HAD THE CHANCE?

Shocked at the thought? Then learn how honest, everyday men and women are stealing years of life from others in highway traffic accidents.

Every day, scores of men and women get into their cars, drive off—and end up with the brutal knowledge that they killed someone in a highway traffic accident!

Chances are, not one of those people would deliberately disobey a "No Trespassing" sign—or open a door marked "No Admittance."

Yet these same honest people consciously ignore stop-signs—and refuse to observe posted speed limits.

The almost unbelievable result is that, this year alone, nearly 42,000 men, women—and children—will be crushed, broken and killed in traffic accidents, according to the present mounting rate!

Is there any way to stop it? Yes.

FIRST—Drive safely and courteously yourself. Observe speed limits and warning-signs.

Where traffic laws are obeyed, deaths go DOWN!

SECOND—Insist on strict enforcement of all traffic laws. Traffic regulations work for you, not against you.

Where traffic laws are strictly enforced, deaths go DOWN!

In city after city, day after day, it's been proved over and over again—

WHERE TRAFFIC LAWS ARE OBEYED - DEATHS GO DOWN!

Unique Product Is Manufactured In Wilmington

by Esther Moore

Question: - What products of a Wilmington concern circle the globe? Answer: the ingenious little fluted paper packages produced by the Unit-Packet plant in Wilmington Square. The clever little individual shaker packets invented by Roderick W. Hoag, president and general manager of the company, which contain the sugar salt and pepper for the meals served by all domestic airlines and many foreign ones. In fact a Unit-Packet may be found at any place that a number of meals are served.

An indication of how well received the little packages that put an end to the problem of an individual serving of salt that can be shaken over a whole plate, is the fact that only a year after the company moved to Wilmington it was necessary to double the floor space in order to meet the demands of the market for the product. Being able to locate near the railroad, and the natural advantages of clean and pleasant surroundings brought the concern from Chelsea to Wilmington.

Since the conception of the idea ten years ago, of sealing condiments in corrugated paper that shakes, rather than pours salt and such out when the top is torn off, it has been adapted to many other products, including low-sodium salt substitutes, grated cheese, and recently to a new product - instant gravy.

Eighty-three people are employed by Unit-Packet, many of them Wilmington folk, and an indication of

the position attained in the community is the prominent display in the reception room of the Little League Trophy won by the Unit-Packet sponsored Tigers last year.

We regret that it was not convenient for us to see the workings of the plant, but extend our gratitude to Harlow Russell, treasurer and salesmanager of the firm for his co-operation.

V.F.W. DUGOUT DOINGS

by Hank Filippone

Our Auxiliaries are having a concerted drive for membership this month, and all members are asked to bring a member. The membership has neglected in the past and the President, Helen Witham, states that her aim is 100 per cent enrollment by the end of March. President Witham requests that all members attend the next meeting, Tuesday, February 5, to help formulate plans for the impending membership drive.

The social for the month of Feb. will be Saturday, by the date, is Saturday, February 16, the time, any time you get there, the place, same old dugout. Low prices will prevail and chow will be excellent, as usual. As a matter-of-fact, if our expert on foods hasn't complained as yet, the chow must be good.

Jeanne Moore has stated, that due to the many calls she had for the recipe for sweet and sour, she will publish it next week. Incidentally Jean has let her brother use her car and is now walking. Want a lift, Jean?

At our last regular meeting, new member Eugene F. Brown was obligated into the post. Obligated is right. Brown is a cook and is still the Navy, so who would be a logical guy to run the Social? That is right, he will be in charge of the detail, as we like to see everyone feel at home. Happy to have you aboard, Brownie.

We have allowed the Lions Club the use of our hall every Wednesday night, starting tonight. They will have closed meetings and all members are notified that only Lion club members will be allowed into the post during that time.

ing that time.

Our adjutant, Bill Berry, couldn't make it last meeting, so Phil LeDuc filled in for him. He did all right until Tom O'Connors got wound up and then he ran out of paper.

Once more I stress the importance of being paid up to date. To date our membership is about even with last year, but that is counting 24 new members over last year's enrollment.

Loyalty Day

Loyalty Day, Celebrated each year on May 1, or on days proximate thereto, was originated some decades ago by V.F.W. members in the East as a counter demonstration against the annual May Day mass meeting of the communists. The idea caught on, grew and spread until in 1950 the observance was inaugurated by the V.F.W. in a nation wide basis, not only as a successful counter to communism, but to afford an opportunity at a sacrifice time each year when all loyal Americans could stand up and be counted.

In 1955 came the highest recognition which can be accorded to any program. Through the efforts of the V.F.W., a Loyalty Day Bill was passed by the 84 Congress, signed by the President, and on April 29, the President of the United States issued a Proclamation formally designating May 1, 1955, as Loyalty Day and called upon all citizens for reaffirmation of their loyalty on that date and the display of the American Flag on all Government buildings.

Loyalty Day, sponsored and directed by V.F.W. has at a critical period in our history, become established as a time for open and avowed allegiance to this great Nation.

National recognition of LOYALTY DAY has been accorded by the receipt of six consecutive awards from Freedoms Foundations at Valley Forge. V.F.W. posts all over the nation submit their annual Loyalty Day reports to National Headquarters and documented scrapbook is prepared for submission to the Freedoms Foundation at Valley Forge. The V.F.W. hopes to continue its high standards of program presentation.

V.F.W. Post 2458, Wilmington is in process of establishing an outline of events of the past year, in view of entering their scrapbook to National Headquarters this year. All members are asked to devote a little of their time to help prepare this book, all, and any suggestions are welcome.

MORTGAGEE'S SALE OF REAL ESTATE

By virtue and in execution of the Power of Sale contained in a certain mortgage given by Rocco F. Gemma to Mechanics Savings Bank, dated August 14, 1953, and recorded with Middlesex North District Registry of Deeds, Book 1232, Page 364, of which mortgage the undersigned is the present holder, for breach of the conditions of said mortgage and for the purpose of foreclosing, the same will be sold at Public Auction at ten o'clock A.M., on Monday, February 18, 1957, on the premises hereinafter described, all and singular the premises described in said mortgage:

The Navy employs German Shepherd dogs to help guard more than two million dollars worth of government motor vehicles and equipment at the Naval Air Station, Miramar, California. Previously, thefts amounted to more than \$2,000 a month, but after the dogs began act as guards, the loss decreased to zero dollars. It cost an average of only \$15 a month to care for one of these dogs, including food and medical care.

Of the 24 Essex class carriers some have been attacked and seriously damaged, but no one was ever sunk.

RECREATION NEWS

Hundreds of townspeople both young and old will gather to witness the running of the third annual winter skating carnival to be held at the skating club on Sunday afternoon, Feb. 3. The opening event will be the ice hockey game between the teachers and the students of the high school. This will start at 12:30 and all contestants are reminded that they must file their entries at the club house by 1 o'clock. According to Mr. Sell representing the Recreation commission and Mr. Weinberg, President of the Skating Club this will be the greatest show of its type if present reactions are evaluated. Events are listed for Mighty atoms (boys and

girls up to 7 years of age), midgets, juveniles, juniors, Seniors, Old Timers, and Married Women's races.

At a recent meeting at the skating club the following women volunteered to assist the men in order to make this a huge success; Mrs. Chris Weinberg, Mrs. Janet Tighe, Mrs. Carl Bachman, Mrs. Rita Palino, Mrs. Pearl Hersom, Mrs. Thomas Galvin, Mrs. Gene Camber, Mrs. Barbara Roberts, and Mrs. Netta Spear.

Director of Recreation Larry Cushing has announced that in the event of inclement weather all events will be postponed to the following Saturday afternoon with the same starting time for the schedule. All persons are reminded that this is free to all contestants and that they must be residents of the town of Wilmington.

WILMINGTON LIONS
SELL DONUTS FOR THE
MARCH OF DIMES

Sunday morning, February 3, the doors of the Wilmington Donut Shop will be open at 8:00. The reason for this unusual opening of the Donut Shop is one of civic interest.

The Wilmington Lions are getting full swing into the act of raising money for the March of Dimes Foundation, and Tony Joannides, popular proprietor of the shop, being a lion, has generously consented to the use of his store.

Doughnuts, bread and pastries will go on sale at the regular prices and all customers that morning will be waited upon by Lion members. The entire proceeds will be donated to the March of Dimes Foundation and all townsfolk are urged to drop in and make a purchase. The coffee bar will also be taken over by the Lions, and now is your chance to get waited on by our Business Men in town. Seeing as how the customer is always right, drop in for coffee and tell Nicky DeFelice or Frank Hagerty that you want your coffee just so. Bob Michaelson, John Cuco, George Cushing, Arthur Boudreau and all the others will be there, drop in Sunday morning and "bat the Breeze" and remember, all proceeds go into a most worthy cause, and all work is being donated by a most worthy organization. Help your local Lions help a child. The hours are from 8:00 a.m. to 1:00 noon. We'll see you there.

WHIST ON FEB. 11

A whist party will be held at the home of Mrs. Arthur Harper of Crest Ave., at 8:00 p.m. on Monday evening, Feb. 11. Mrs. Harper, acting as hostess will be assisted by Mrs. James White and Joan Sullivan. Refreshments will be served and fine prizes will be awarded the lucky winners. Proceeds will go to benefit the American Legion Auxiliary.

EDDIE DOWNS INJURED

On Saturday, while assisting his father to burn a rubbish pile, Eddie Downs of 696 Woburn St., received a severe cut on his leg. A bottle in the debris exploded and sent glass flying through the air. Eddie was struck on the leg by a fragment. Officer Dolan of the Wilmington Police Dept. was near the scene and transported the injured boy to the doctor's office. Eddie is the youngest son of Mr. and Mrs. Glenn Downs. Friends will be happy to hear that his injury is healing rapidly and he will soon be as "good as new".

CUB SCOUT PACK 59

AWARDS

The monthly meeting of Cub Scout Pack 59, was held at the Wildwood school on Friday evening. The follow-

ing awards were presented: James Balser - I Gold arrow, Bernard Traywick - Wolf badge, Tommy Johnson - Silver arrow, Bobby Bishop and Dick Longo - Lion badge, Mike Longo - Bear badge, Ernest Cail - Wolf badge, Gold arrow, and Silver arrow. Plans were also made for the annual Blue and Gold banquet to be held February 22.

MAIN STREET ACCIDENT

Cars operated by Merrill F. Marshall, 12 Champion Street, Tewksbury, and Walter Gretskey, 44 Parker Ave., Tewksbury, were involved in an accident on Main Street, Wilmington. Both cars were damaged but no personal injuries were reported at the time. Officer Shepard investigated.

K of C NEWS

The newly instituted Father Coppens Council No. 4336 Knights of Columbus

held its first official business meeting January 27, 1957, at St. Williams Hall, presided over by Grand Knight Herbert Fairbrother. Plans for future social activities were discussed and committees were appointed for the various functions. In lieu of the recent controversy concerning the impending invitation to Marshall Tito to visit this country a motion was made and approved for the Council to voice its disapproval. Telegrams in opposition to such a visit have been sent therefore to President Eisenhower, Congresswoman Edith Nourse Rogers, Senator L. Saltonstall and Governor F. Farco.

Guest of the evening was Past District Deputy, Arthur Joyal of Lowell.

Rev. Fr. McPartland of St. Williams, gave a short talk on plans for future programs of interest to the Council.

Refreshments were served after the meeting.

Why I Made "The Ten Commandments"

By Cecil B. deMille

A question often asked me is: "Why did you make 'The Ten Commandments'?" The cynical may think—to make money. Let me dispose of that right away. I shall receive no profit from the picture—that is, no financial profit. My share of the earnings will all go for charitable, religious, and educational purposes.

IF I HAD made "The Ten Commandments" for my personal monetary gain, I could not ask you to be interested in it. But I do ask you to be interested in it, because I believe deeply that the Ten Commandments given on Mount Sinai are not simply a collection of laws.

They are THE Law. They are the expression of the mind of God for His creatures. They are the charter and guide of human liberty, for there can be no liberty without the law.

SOME YEARS ago the modern world defined God as a "religious complex" and laughed at the Ten Commandments as old-fashioned. Then, through the laughter, came the shattering thunder of great world wars, each more terrible than the last—and a blood-drenched, bitter, divided world, no longer laughing, cries for a way out.

There is but one way out.

"I AM the Lord Thy God. Thou shalt have no other gods before me." We may never have bowed before a calf of gold, but we may still worship Gold. We may never have bent the knee before the graven image of Hathor, but there is also a graven image on a dollar bill.

"THOU SHALT not take the Name of the Lord thy God in vain." When I was a boy I thought that referred only to profanity. But we take the Name of God in vain whenever we mis-use the power of God or whenever we say to him, "Not THY will, but mine be done."

"REMEMBER the Sabbath day to keep it holy" fares none too well in the headlong rush of modern living. Mankind has coined countless proverbs and slogans about the value of time, but this Commandment reminds us that time belongs to God and that some of it should be set aside for Him.

And so it is with all the Commandments that govern and guide our relations with our fellow-men.

I HOPE that those who see our production will come from the theater not only entertained and filled with the sight of big spectacle, but filled with the spirit of truth—that it will bring to its audience a better understanding of the real meaning of the pattern of life that God has set down for us to follow—that it will make vivid to the human mind its close relationship to the mind of God.

The entire population of a city of 40,000 could stand on the hanger deck of the Navy's supercarrier FORRESTAL. And the carrier's flight deck is so vast that it could hold the ocean liners QUEEN ELIZABETH and MARY side by side.

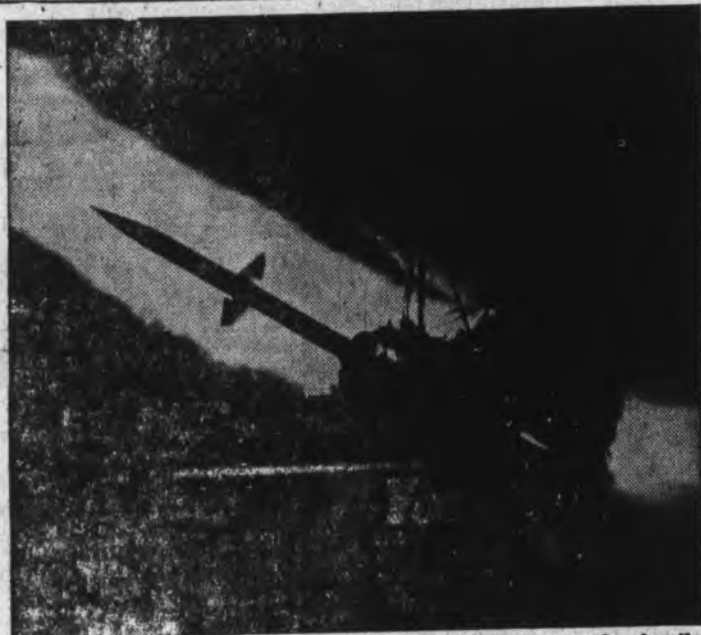

The Navy's new "Sidewinder" is a new air-to-air guided missile capable of destroying enemy fighters from sea level to altitudes of over 50,000 feet. It is named after the fast-striking desert rattlesnake.

A mobile server is a wonderful asset to a good hostess. It is even more wonderful when it is a decorative addition to a room. The service area is made of Formica to make it damage-proof. The server is available in a natural walnut or shell finish. (Heritage Furniture, Inc.)

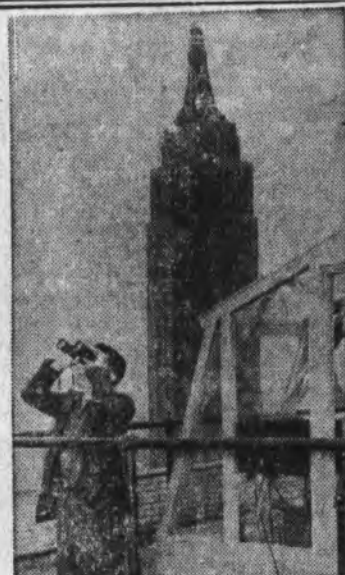

Pillows, pillows everywhere is the trend on long sofas today, as indicated in this exciting new sectional. Trim legs lift this piece off of the floor, accentuating the slim, neat look which keynotes the new upholstered pieces. (International Furniture)

ANTI-AIRCRAFT missile, the Navy's "Terrier," is one of a family of defensive missiles, including the Army's "Nike," which could be put into action if the nation's warning system indicated the approach of attacking planes. Primary purpose of these missiles at such a time would be to protect the nation's 92 critical civil defense targets from as many attackers as possible. The "Terrier" is shown silhouetted against the booster blast of another missile during firing practice aboard the USS Mississippi. (U. S. Navy Photo)

THE CLOSE RELATIONSHIP of civil defense and Ground Observer Corps is illustrated by this historic land office at Winterville, Ohio, which serves today as Jefferson County Civil Defense headquarters and as a site for skywatchers in the Canton, Ohio, filter center area. Civil defense and the GOC cooperate very closely, and data supplied by the more than 17,000 GOC posts in the nation is used in alerting civil defense local and national units to action. (U. S. Air Force Photo)

GROUND OBSERVER Corps posts range from Manhattan building tops (above) to remote desert and forest country. Seventeen thousand posts and 400,000 skywatchers provide U. S. Air Force and civil defense personnel with the vital visual identification of low-flying planes needed to supplement radar warning data. (N.Y. Daily News Photo)

Attack Warning Net New 'First Line'

Twentieth Century Paul Revere may some day play a vital part in saving your life and that of the nation just as the original Revere's timely warning helped preserve the life of the American Colonies.

In this age of nuclear weapons, intercontinental bombers and some day, perhaps, long-range guided missiles, hours and even minutes of attack warning time can be of vital importance.

AN ARMY of professionals and volunteers man the radars, scan the skies and operate the military and civil defense circuits to pass along word of danger. They range from scattered outposts in northern Canada and radar picket ships far at sea to the man who sounds your home town air alarm.

This network is tested constantly, both in the Air Force phase of initial warning, and the civil defense phase of spreading the warning from air defense division control centers to the general public.

In a very real and personal sense, this warning system is the first line of defense for every American as he goes about his daily life under the threat of ever-possible attack.

CIVIL DEFENSE 'KEYPOINT' for Los Angeles is typical of some 200 such communication centers throughout the nation maintained by local civil defense. In less populous areas, "keypoints" are often police or fire stations, where someone is always on duty. They depend on the Federal Civil Defense Administration's 14,180-mile warning net (inset) to link them to Air Force air defense division control centers. Keypoints notify, in turn some 3,500 "sub-keypoints" which set off sirens and call out civil defense personnel.

PLOTTING BOARD at Colorado Springs, Colo., filter center, with each dot representing one Ground Observer Corps post. The Air Force filter centers depend on telephoned reports from GOC posts to track air traffic over the United States. They are the lowest level in a chain of control centers through which spotter reports are channeled in determining whether an alarm should be issued over the nationwide civil defense warning net. (U. S. Air Force Photo)

Miss Finney Bride Of Thomas Lucciano

Reception was held at South Tewksbury Betterment Hall, Saturday, January 26.

White gladiola and carnations decorated the altar of St. Thomas Church for the 2 o'clock ceremony on Saturday, Jan. 26 at which Miss Joan Gertrude Finney, the daughter of Mr. and Mrs. William Finney of Bay St. became the bride of Thomas Lucciano, son of Mr. and

Mrs. Joseph Lucciano of Hilton St., Arlington.

Lovely wedding music was played by Mrs. Estelle Shelley as the bride was escorted to the altar where the Rev. Fr. Edmund Croke waited to unite the couple. The bride wore a gown of lace over white satin, fashioned with a

peter pan collar and long sleeves and train. The skirt was of white net with lace inserts, also over white satin. A crown of pearls capped the finger-tip veil of illusion, and the bride's bouquet was a lovely creation of white carnations and stephanotis. The matron of honor, Mrs. David Finney, of Lowell, sister-in-law of the bride, wore orchid crystalline, while the two attendants, Miss Linda Reid of Lowell St., and Mrs. Catherine Keatley of Arlington, sister of the bridegroom wore mint green and yellow with matching crowns. All carried lovely spring flowers. Arthur Costa of Somerville was best man, and David Finney of Lowell, brother of the bride, and Albert Torchia of Arlington, brother-in-law of the groom, were ushers.

Mrs. William Finney, sister-in-law of the bride, was in charge of the guest book at the reception which was held at the South Tewksbury Betterment Hall. A local orchestra provided the music for dancing.

The mother of the bride wore dusky pink lace over taffeta with black accessories, and the mother of the groom wore beige lace with pink accessories, while both

wore white orchids.

The new Mrs. Lucciano wore a gray fur jacket over a pink sheath, a pink hat and white orchid, as the couple left on a wedding trip to California where they will visit the bride's sister, Mrs. Edward Burns. The bride is a 1955 graduate of Wilmington High School and has been employed as assistant purchasing agent by Bellofram in Burlington.

Mr. Lucciano graduated from Somerville High and after serving with the Army Air Corps has been employed as a tube division technician at Raytheon. He is about to accept a position with Hughes Aircraft in California as a research and development analyst.

Fourth Child For Baldwins

Mr. and Mrs. Charles Baldwin of Jones Ave. announce the birth of a daughter at the Winchester Hospital on Jan. 23. The couple have three other children, Kenneth, Karen and Keith.

Fifth Child For McLains

Mr. and Mrs. Vincent McLain of 100 Middlesex Ave., wish to announce the arrival of their son, Douglas Paul, born on Jan. 13 at Winchester Hospital. Grandparent honors are being shared by Mr. and Mrs. Frank Williams of So. Hadley Falls and Mr. and Mrs. Michael McLain of East Granby.

The couple has four other children, Russell, Barbara, Beverly and David.

Stork Beats Cadillac

Very early Thursday morning, Jan. 24, Firemen Billy Nee and Ralph Plumber engaged the fire dept. ambulance (the Great Scott) in an all-out race with old man stork, the destination being Winchester Hospital. During the trip from North Wilmington to Winchester, Mr. Nee riding in the rear of the vehicle with the patient did a lot of fast talking in an attempt to deter the stork from his course. All to no avail. The whirring motor of the powerful ambulance under the guiding hand of Mr. Plumber did not have quite as much power as the flapping wings of the great old bird. Just as the contestants made the turn into the driveway of the hospital, Mr. Stork deposited his bundle, a fine baby boy in the rear of the ambulance. Thus lightened of his burden the stork won the race.

The Stork did actually beat the Cadillac, in order to be fair we must ask our readers to consider the race a draw. After all the stork has had a great deal more experience in such contests.

New Citizen On Ayotte St.

Mr. and Mrs. Edmund Luther of Ayotte St., are proudly receiving congratulations upon the birth of their first child. Their daughter, Karen Elizabeth arrived at Lynn Hospital on Monday morning, Jan. 14.

Grandparent honors are claimed by George Luther.

Mr. Spellman Returns To Work

Friends will be happy to learn that Morris Spellman of West St., is out and around again. He returned to his employment on Monday morning after having been confined to his home last week by an attack of the virus.

Alan Newell In Hospital

Alan Newell, son of Mr. and Mrs. Ralph Newell of 3 Seewell Rd. is a patient at the Winchester Hospital, where he is recuperating from an appendix attack and a virus infection. Alan is a third grade student at the Wildwood School.

Miss Cutter Engaged

Mr. and Mrs. Harry Cutter of 17 Belmont Ave., wish to announce the engagement of their daughter, Marion F., to James Trites, son of Mr. and Mrs. Frank Trites of Stoneham.

Miss Cutter attended Wilmington Schools and Lowell Vocational School. She is presently employed at the Wildwood School Cafeteria. Mr. Trites was educated in Stoneham and is now employed with the Atlantic Gelatin Co. in East Woburn.

No date has been set for the wedding.

4-H Club Chairman Resigns

It is with deep regret that the 4-H Clubs of Wilmington Town Committee accepted the resignation of their town chairman, Miss Barbara Nims of Shawsheen Avenue. She is moving to New Hampshire with her parents.

Miss Nims has been active in 4-H for over 19 years. She has been town chairman for many years in addition to being a club leader, also serving as a member of the County Fair committee, and a member of the advisory board of Middlesex County.

Her leaving will be felt by all connected with 4-H in town for she has been untiring in her efforts to help club members and leaders in every way. The 4-H Clubs of Wilmington wish Miss Barbara Nims lots of happiness in her new home.

4-H Club News

The 4-H Vigilantes Horse Club of Wilmington is losing one of their most ardent riders, Miss Joan Nims of Shawsheen Avenue, is moving to New Hampshire. Joan has been a Junior leader in the horse club for three years and has taken a very active part in many horse shows for which she has many ribbons and trophies. Her many friends wish her lots of luck in the coming years.

A meeting of the 4-H Town Committee was held at the home of Miss Barbara Nims to elect a Town Chairman.

Miss Dorothy Mortelliti of Hathaway Rd., No. Wilmington, was elected Town Chairman and Mr. William F. Smith of West Street, No. Wilmington was elected Vice Chairman for a term of 2 years.

EFFORTS OF IMPROVEMENT ASSOCIATION BRING RESPONSE

This untiring efforts of the Shawheen Improvement Association in regards to the Nichols Street bridge have brought a response from the Middlesex County Commissioners. This bridge has been a thorn in the side of the people in the Nichols Street section, and has been the target of much discussion between the Association and Town Hall.

Following is the text of a letter received by the Board of Selectmen from the Commissioners office:

Board of Selectmen
Wilmington, Mass.

Gentlemen: The County Commissioners have received petitions (1) of the Selectmen of Wilmington for alterations of the Nichols Street Bridge over the Boston and Maine Railroad, and the approaches thereto; and (2) of the inhabitants of Wilmington for the relocation and specific repairs of West Street from Lowell Street to Woburn Street.

Monday, March 18, 1957, at 11 a.m., the Superior Court House, Lowell, Mass., has been set down for hearing the parties in both matters.

Thomas J. Brennan
Chairman
Middlesex County
Commissioners

It is hoped that a final solution will be arrived at, and that the dangerous problem will be favorably solved.

NEW HOME BUILDING AND SALES DOWN

Real estate activity in the Boston suburban region during December dropped 15 per cent below that a year ago, according to Trend reports. Only two of the 13 areas showed gains in the number of deeds recorded. Lynn area was up 8 per cent and the Woburn area 3 per cent.

The Woburn area's 470 deeds in December were 3 per cent more than a year ago. It had a ratio of 3.85 deeds per 1,000 residents and was the most active of the 13 suburban areas. Burlington with 13.97 again led the area and placed first in activity in the 34 smaller towns. Reading with 4.44 and Billerica with 4.30 were second and third among the 52 larger places. Wilmington had 5.85, N. Reading 5.10, Tewksbury 3.13, Stoneham 2.91, Woburn 2.71, and Winchester 1.43.

The 88 new dwellings in the area included 31 in Burlington, 15 in Reading, 11 in Wilmington, 8 in Woburn and 7 each in Stoneham and Winchester.

Summing it up, Trend reports, "Fortunately, the decline in sales of home property has been paced by a corresponding drop in new house construction. For the year 1956 the total of deeds was below 1955 by identically the same percentage as the lessening in new building by private enterprise - 11 per cent in both. There was less new public housing undertaken in 1956 so that the total new residential construction for the year shows as 14 per cent less than in 1955. The full economic effect of this decline in house building has still yet to be seen."

New dwelling unit permits for Wilmington were as shown: 11 for the month of December 1956, as compared to 4, December 1955. 136 for the year 1956 as

compared to 203 for year 1955.

Mrs. Denehy Passes Away

Mrs. Annie Denehy, 87 passed away in Braintree on January 23, following a long illness. She had been a resident of our town for fifty-five years, residing on Grove St. She was the widow of the late John Denehy.

Mrs. Denehy is survived by two sons, John and James both of Wilmington and one daughter, Mrs. Mary Hibbard of Milton. She is also survived by several grandchildren.

Funeral services were held on Saturday, January 26, at 8:00 a.m. from the William S. Cavanaugh and Sons Funeral Home. Services were followed by a Solemn High Mass of Requiem at St. Thomas's Church at 9:00, celebrated by Rev. Father Regan.

Interment was in the family lot in St. Patrick's Cemetery in Stoneham. Funeral arrangements were under the direction of William S. Cavanaugh and Son.

Robert Babine Joins Army Air Corps

Robert M. Babine, son of Mr. and Mrs. John Babine of Laurel Ave., left on Wednesday, Jan. 25 for Fort Dix as a member of the Army Air Corps. "Bob" was educated in Wilmington Schools, having graduated from High school here in 1955. We do not have a definite address as yet as "Bob" expects to be transferred from Fort Dix this week.

"Bob's" father, John W. Babine (known to most as "Bill") is Superintendent of Wilmington's Tree Dept.

Candidate Donald C. Kidder

Donald C. Kidder, 38, will be a candidate for the office of the Board of Selectmen, three-year term. Mr. Kidder is a salesman for the Filing Equipment Bureau Inc., Boston, and has been employed there for over ten years. Mr. Kidder formerly lived on Longview Road, but in the past year sold his home and purchased his present one at 344 Woburn Street.

Donald is married to Theoline A. Kidder and has one son, Kevin, 8. He has been active in Town, Church and Civic organizations since coming to Wilmington, and is a charter member of the Lions club, Wilmington Fire Association, and has recently been appointed as a member of the Board of Health.

Mr. Kidder States: If asked the question as to why I wish to be a Selectman, the answer would be as follows:

For the past several years a number of my friends have urged me to be a candidate for Selectman.

I have never been a candidate for any political office before. I am not backed by any organization or by any group, and have made no commitments to anyone.

I am sure that my first desire to serve the people of Wilmington, as Selectman, was motivated by the barring of the press from the Selectmen's meetings. There

are occasionally times when it might be necessary to hold an executive session, although I believe these should be kept at a minimum. I firmly believe that the people who elect a candidate to represent them as Selectman, have every right to know at all times, by their words and actions, in an accurate press report, how they are fulfilling their obligations.

I believe that I have the necessary time to devote to any problem that might arise.

I also feel that the newer citizens who have moved into town in the last few years, should be represented on the Board of Selectmen.

I am glad that there are a number of candidates running for the various offices in the coming town elections, for I firmly believe that the democratic form of government can find no stronger foothold than in giving the people themselves the opportunity to decide who they feel can best represent them, and in the next month I shall dedicate myself to the challenge, and then rest my case in the hands of the voters.

"Blow and go" is Navy slang for the new method of escaping from a submarine. A sailor who "blows and goes" reaches the surface in 20 seconds from a depth of 100 feet. He must exhale the air in his lungs while he is being carried to the surface by a pneumatic vest.
